

## LEAGUE ACTION IS ATTACKED BY SENATOR BORAH

### WOULD KEEP U. S. MONEY OUT OF WAR

#### Senator Lewis Says Europe Disregards Obligations

Washington, April 18.—(P)—Riled by the League of Nations demand that Germany comply with the Versailles treaty, Senator William E. Borah today denounced the council as the "spineless tool" of a few European nations and then introduced a bill to prevent American money from going into foreign war efforts.

Taking the Senate floor during the afternoon, Borah thundered of the league.

"Nothing in the history of this institution better illustrates that it is not an independent body for peace, but a spineless tool in the hands of a few nations to do what those nations elect."

A stern foe of the league from its inception, the senior Republican on the foreign affairs committee declared:

"This institution should no longer pretend to be an independent body seeking by independent methods to advance the cause of peace."

Borah's attack echoed through the chamber at the conclusion of a speech by Senator Lewis of Illinois, Democratic whip, criticizing members of the league for demanding that Germany live up to her treaty obligations while they continue to disregard "obligations they have contracted with the United States."

The bitterness of Borah's criticism of the league was paralleled by the language he employed in a statement accompanying a bill proposing to shut off private loans to foreign nations. His proposal would supplement the Johnson act which already bars loans from this government to other nations delinquent in their obligations to the United States.

It would supplement also two other measures now before the foreign affairs committee, both aimed at preserving American neutrality, one by keeping Americans out of trouble zones by denying them passports, and the other giving the president authority to block loans to belligerent nations.

The Idaho Republican saw in foreign loans even in peace times, only a means of financing for war and of increasing the danger that this nation also would be drawn in.

### Hold Suspects For Questioning

Milwaukee, April 18.—(P)—Caught in an elaborate trap set for a gang of middle west bank robbers, two Milwaukeeans were held for questioning today.

Police believed the two were not members of the robber gang and no charges were placed immediately against the men. One was said to have been a bootlegger in prohibition days.

The trap, in which a large police squad took part, was set after federal authorities notified Milwaukee police that an automobile supposed to have been used by the gang was in Milwaukee. Police have been on the trail of the car since last Saturday.

The gang sought was said to have been involved in murder as well as bank robberies in Illinois, Minnesota and Iowa.

### MAN DROWNED

Rock Island, Ill., April 18.—(P)—Coroner Harry J. Vance of Rock Island was attempting today to get in touch with relatives of Wesley Holbe, 66, whose body was found in the Mississippi river just outside his houseboat last night. A verdict of accidental death from drowning was returned by the coroner's jury.

### Weather

For Jacksonville and vicinity:—Generally fair and warmer weather is predicted for today and tomorrow. The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: high 52; current 50 and low 40. Barometer readings were: A. M. 30.00; P. M. 30.03.

Illinois: Generally fair Friday and probably Saturday; somewhat warmer in central and northeast portions Friday; warmer Saturday.

Indiana: Partly cloudy to cloudy Friday and Saturday; somewhat warmer Saturday, and in the north-west portion Friday.

Wisconsin: Partly cloudy Friday and Saturday; somewhat warmer Saturday, and in central and north portions Friday.

### Twins Born 24 Hours Apart Die Within 24 Hours

Glendale, Calif., April 18.—(P)—The Barnett twins were born 24 hours apart, lived 83 years—and died 24 hours apart.

Edwin C. Barnett, a resident here for many years, was born 24 hours ahead of his brother, Edward, Chas. Mill, N. Y., was the birth place. Tuesday night Edward died in New York. Twenty-four hours later his brother died here. They had last met in 1917.

## HARRY HOPKINS CUTS ILLINOIS OFF RELIEF LIST

### Will Receive No More Funds Until Money Produced

By Gerald Miller  
Washington, April 18.—(P)—Harry L. Hopkins, relief administrator, today said flatly Illinois had received its last cent of federal relief money until it produced at least \$3,000,000 a month.

"I'm not giving them any more money no matter what develops," he said.

He said the legislature of Illinois was similar to that in Pennsylvania which, he said, gave him "a pain in the neck."

He added that he was "not contemplating" taking over the relief administration.

Nor did he contemplate, he added, any investigation to determine whether Governor Henry Horner's administration was using relief funds for political purposes.

Reminded that a year ago, while conferring with Illinois leaders, he made a statement to the effect that the federal government would balk at seeing unemployed starve, he repeated emphatically:

"I'm not going to give Illinois any more money, and I'm not going to change my mind. Illinois knows how I feel."

Even when it was pointed out that Illinois needed \$1,400,000 more to run its relief stations until the end of April, he reiterated his determination.

Hopkins criticized the northern states for their "cat and dog fight" method of providing their shares of relief.

"It's the same argument at every turn," he said, "I don't care how they raise the money—that's their business. But I do know they are capable of raising money."

Hopkins indicated that even if the federal government took over relief in Illinois, it would provide no money until the state "came through."

Using Louisiana, which he took over a fortnight ago, as an example, he said that even there cities and parishes were contributing toward relief.

"As soon as the work relief program gets underway," he said, "states, cities and counties will be expected to take care of all their unemployed."

### Serves Term For Another's Crime; Pleads For Him

### Guiltless War Veteran Asks Court To Free Youth; Request Granted

Crown Point, Ind., April 18.—(P)—A guiltless war veteran who served four prison years for another man's crime slipped into criminal court today and in one speech won mercy and a parole for the man who let him languish in a cell.

The former soldier, Edward Singleton, 43, went to Michigan City prison when he was 39 for a robbery he never committed.

The youth against whom he bore no malice was Ralph E. Harwood, 23, of Hammond, Ind., furniture salesman, who was hauled before Judge William J. Murray today.

Four years ago, the court was told, Harwood outfitted himself with gun and mask and robbed a grocery store. The victim was arrested, identified by the victim—although the robber was masked—and bundled off to Duran for a 10 year term.

Several weeks ago Harwood was captured by the same officer who arrested Singleton for the crime but never was fully convinced Singleton was guilty. Harwood mitigated its error by restoring Singleton's liberty.

As the court prepared to sentence Harwood Singleton appeared and asked the court to temper its decision with the realization of his own four years in a cell. That, he said, was penance enough to satisfy society.

### When Plane and Tree Meet, It's Easy to Pick Victor

Visions of injury and death are conjured by this wreck scene, but the nine occupants of the giant air liner escaped unscathed when the ship crashed through a fence and ended its mad flight against a tree near the Detroit airport in an attempted takeoff. Before the battered fuselage was one of the motors, torn from the craft by the terrific impact.

### Personal Tax Payers Granted Month Of Grace

Springfield, Ill., April 18.—(P)—Your personal property tax bill does not need to be paid for another month.

Governor Horner today signed the emergency bill permanently fixing June 1 and September 1 as the penalty for the payment of personal taxes.

The dates have been a month earlier, May and August, but the 30-day extension of time was granted by special laws in 1933 and 1934.

The bill, by Senators Harry C. Boeke of Peoria and W. H. Hickman of Paris, Democrats, also removed the provision for a discount for full payment of taxes in the first installment.

## GOPS DISCUSS 1936 CAMPAIGN AT CONFERENCE

### Democrats Frown On Attack Made On Roosevelt

By Cecil B. Dickson.  
Associated Press Staff Writer.

Washington, April 18.—(P)—Speculation over the intentions of Herbert Hoover, whose just-ended trans-country travels coincided with a burst of Republican political activity, today drew from G. O. P. ranks a judgment that the former president can do nothing to affect his own political destiny.

"He will remain impossible or become inevitable," asserted William Allen White, Republican publisher of Emporia, Kansas.

Here for the dual purpose of attending a convention of the American Society of Newspaper Editors and discussing with party leaders the G. O. P.'s chances for 1936 White expressed publicly the privately spoken thoughts of some Republican chiefs as to Hoover's desires and chances of once more carrying the standard against Franklin D. Roosevelt.

Ward curve etatin shrdu emiwp vbg "The Hoover curve may be an upward curve," he said. "It could not be a downward curve. It may be a straight line."

Meanwhile, on the Democratic side of the political picture, majority leaders in Congress frowned upon the attacks launched today by Governor Eugene Talmadge of Georgia on President Roosevelt. The Georgian called the chief executive a "radical in the extreme form" and predicted a third party in 1936. The reaction among Democrats on Capitol Hill generally was critical of Talmadge's statement that "any man who condones the NRA, AAA and other things going on in this country is a radical in the extreme."

Speaker Byrnes said few people in the country would believe his statement, while Representative O'Connor, (D., N. Y.), chairman of the president, was "not fit to be elected dog catcher, much less governor of a great state."

### STOLEN PROPERTY PAYS DIVIDEND

St. Paul, Minn., April 18.—(P)—The police paid dividends in returning lost property.

On a hunt for three sheep and a lamb, the police came back with five, instead of four, animals.

One of the sheep had given birth to a lamb while she roamed the city's residential area Tuesday.

### SENT TO PRISON

St. Louis, April 18.—(P)—Henry E. Etzel, an ex-convict and said by police to be a former member of the Cuckoo gang, was sentenced to serve two years in prison today when he pleaded guilty to charges of robbery and carrying concealed weapons.

Etzel, a fugitive since Dec. 18, when he failed to appear on an \$11,000 bond, was surrendered in court by his bondsmen and volunteered the plea.

### ENTIRE CABINET QUILTS, BULGARIA FACING CRISIS

### Many Arrests Made And Incipient Disorders Reported

(Copyright, 1935, by the Associated Press)  
Sofia, Bulgaria, April 18.—(P)—A feverish day of arrests, cabinet resignations and incipient disorders was climaxed tonight as Premier Petko Zlateff's entire government resigned and King Boris immediately commissioned Zlateff to continue until another cabinet could be formed.

While the capital still buzzed with comment over the sudden cabinet crisis, reports arrived from the provinces indicating violent reaction to the summary arrest and internment of outstanding opposition leaders, among them former Premier Kimon Georgieff and Alexander Zankoff.

A great crowd of Zankoff's adherents gathered at the railway station at Plovdiv to cheer him as he passed through en route to tiny St. Anastasia island in the Black Sea, where he and four others seized today will be interned.

Gendarmes reinforced by cavalry, were called out to disperse the throng with swords and bayonets.

Zlateff, raised to power in King Boris' "Royal Putsch" last January, submitted the government's collective resignation to the monarch after three of his ministers deserted him in protest against the arrests.

Receiving the press, the premier explained that Georgieff, Zankoff and the others were taken into custody because of their subversive activities.

Secret conferences have been held at Zankoff's home recently, he said, in which active army officers as well as reserve officers have participated. Arrest of the leaders was therefore ordered, he added, and three members of the cabinet who disagreed with the premier promptly resigned.

## Negro Political Leader Killed

St. Louis, Mo., April 18.—(P)—Morace A. Adams, 41, reputedly wealthy East St. Louis negro political leader, and his chauffeur, Paul Crawford, were killed and two other negroes injured today in a head-on auto and truck collision between here and Belleville.

Hampton Hunter, 38, driver of the truck, received cuts and bruises and his companion, Lonnie Brooks, 39, head of a negro loan firm, suffered fractures of the face and left hip.

Adams was a republican until 1928 when he was sentenced to three years in Leavenworth prison for perjury. After his release he turned Democratic and gained dominance over the negro faction here. An attempt was made to assassinate him a year ago. His widow and nine children, including three sets of twins, survive.

### BANKER DIES

Bridgeport, Ill., April 18.—(P)—Judge J. D. Madding, 72, president of the First National Bank of Bridgeport, died here today following a stroke. His widow and three children survive.

Judge Madding served as county judge of Lawrence county from 1888 to 1906. He gained international recognition in his breeding of jersey cattle on his farm south of here.

### RETURNS FROM TRIP

Dr. C. P. McClelland, president of MacMurray College returned last evening for a week's trip spent in Chicago and New York. Dr. McClelland attended the North Central Association meeting in Chicago and transacted business for the college in New York.

### REACHES SAFETY

Colorado Springs, Colo., April 18.—(P)—John Eareckson, Baltimore, Md., wrestler, staggered 15 miles through a blinding overnight blizzard from near the top of Pike's Peak to reach safety today at a miner's shack near Cripple Creek.

## STATE LEGISLATORS TAKE RECESS WITHOUT VOTING NEW TAXES FOR RELIEF

### POURING RAIN HAS INVADDED 'DUST BELT'

### 'Gully Washer' Makes Panhandle Farmers Happy

Amarillo, Tex., April 18.—(P)—Pouring rains invaded the "dust belt" country today.

They fell over a large part of the stricken Texas Panhandle. Mount Dora, N. M., received a shower. The promise of leaden clouds was even carried over the Oklahoma Panhandle, where dust storms have been so severe that some families have moved out.

Western Kansas, however, still looked vainly to the skies.

In parts of the Texas dust-blown lands, the rain was a "gully washer," the kind which brought jubilation to the farmer. Two inches fell in torrents at Childress, Tex. There the appearance of rain clouds so black that lights had to be turned on was a sight the residents had not witnessed in months.

The two-inch rain fell so hard near Quanah, Tex., that farmers who had long hoped for it felt some concern that it might have damaged crops.

A three-inch rain visited Runnels and Taylor counties in Texas. Part of the Abilene Southern railway tracks were under water tonight. At Ovalo, a lake which had been dry for two years was filling rapidly.

Woodward, Okla., in the northwestern Oklahoma sector where dust has blown for weeks, reported long hanging clouds. Other parts of Oklahoma had showers.

There was an inch at Chickasha in less than an hour.

Good rains also were reported outside the dust-blown areas, between Denver and Trinidad, Colo.

## Insane Patient Leaps To Death From Water Tank

### Prefers Death To Being Taken Back To Elgin State Hospital

Elgin, Ill., April 18.—(P)—Kenneth Orrt, 20, escaped from the Elgin State Hospital for the Insane today and a few hours later, rather than be captured, plunged to his death from a 100-foot water tower as firemen rushed toward him with a net.

Orrt, a Chicago shipping clerk, was committed to the institution just a week ago. About 2 p. m. he managed to elude keepers and fled from the grounds into the open country.

He dashed to the banks of the Fox river and there spotted the high water tower of the Keber Packing Company near here. Company employees saw him scramble to the top and called state police when he horrified them by hanging from the tower railing by his hands.

As the troopers arrived and started up the ladder, Orrt shouted: "If you come up that ladder, I'll jump."

The officers stopped, tried to argue and coax Orrt to come down. Meanwhile other company employees called the Elgin fire department. Fire Marshal Robert Whalen and his men arrived as Orrt made dizzy circuits about the top of the tank. He spotted the firemen and climbed down to the rail as the firemen, hurriedly learning the situation from the state police, dashed forward with a life net.

Orrt noticed the firemen and shouted: "Here I come!"

He leaped as firemen rushed forward in a last effort to catch the plummeting body. They missed it by 20 feet.

In Orrt's pocket was a letter addressed to his mother in Chicago telling her he intended to kill himself.

## F. Dumont Smith, Lawyer Is Dead

Hutchinson, Kas., April 18.—(P)—F. Dumont Smith—known as "the Kansas lawyer who wore a monocle"—died today at the age of 74.

A native of Kewanee, Illinois, Smith also amazed his Kansas constituents in 1905 while a state senator by wearing dove colored spats and swinging a cane.

Nationally known in the field of law, he created wide attention in 1931 when he differed sharply with Prof. Albert Bushnell Hart, Harvard, historian.

Smith, then chairman of the Americanization committee of the American Bar Association, asserted that Hart's George Washington bicentennial pamphlet was filled with inaccuracies and "slurs."

### Sheriff Swears Out Warrant For His Own Arrest

Claremont, N. H., April 18.—(P)—Emory B. Monta, sheriff of Sullivan county, today swore out a warrant charging himself with operating an automobile while under the influence of liquor, served the warrant on himself, and paid a fine of \$100 in municipal court. Monta was involved in an accident Tuesday night in which his automobile collided with a parked car in Claremont.

## WARN GERMANY TO KEEP OUT OF RHINELAND

### Ambassadors Of Italy And Britain Present Decision

By Louis P. Lochner  
Berlin, April 18.—(P)—Great Britain and Italy, it was revealed tonight, have warned Germany she must let the demilitarized Rhineland alone.

Ambassadors of the two powers yesterday presented their joint Stresa decision to maintain the status quo in the Rhineland, and Germany met that with "sizzling" diplomatic protest to Great Britain against League of Nations censure of the Reich's rearmament.

Nevertheless, Nazi officials today were inclined to look upon yesterday's action at Geneva more calmly, partly because the British and Italian Ambassadors, in response to pointed questions, gave the foreign office assurances of their governments' intention to fulfill to the full their obligations under the Locarno treaty.

While the foreign office strove to pour oil on troubled waters and the press received instructions to handle the situation with gloves, Reichsfuehrer Adolf Hitler left his Bavarian mountain retreat and went to Munich to confer with party leaders and close advisors over the form his answer to the league council's indictment shall take.

A formal and sensational protest was expected to issue tomorrow or Saturday from the Munich conference in which foreign minister Konstantin Von Neurath and Joachim Von Ribbentrop, Hitler's arms experts are participating.

Nazi leaders have said openly they believed the neutralized Rhineland will be taken over by the new Germany sooner or later.

## Professor Says "Funny" Stories Are All Ancient

### Claims Only Thing Adam Would Recognize If He Came Back Is Jokes

Chicago, April 18.—(P)—If you ever happen to meet Prof. Richard Marvin of Northwestern University, by all means don't tell him your latest "funny" story.

If you did, he probably wouldn't even smile, and might even embarrass you by recalling it in 304 B. C.—or thereabouts—that they first laughed at that one.

For years Marvin has been collecting and cataloguing jokes. He says they're the oldest things on earth.

"If Adam came back today the only thing he'd recognize would be the jokes," he says.

The oldest of all he says is the one that goes, "John rocked the boat as far as he could, and the funeral will be Monday." The idea, he says, goes back to the Bible.

"The use of cause and effect in that manner," he says, "can be found in the second Chronicles, 16th chapter, 12th and 13th verses."

And the city editor is not being original—if even funny—when he tells the cub "the story of the creation was written in 600 words" as he turns back one of 1,500 words for cutting.

Marvin traced that remark back to 1903 and says it's possible it had whiskers then.

His catalogue—consisting of four loose-leaf volumes—lists more than 6,000 jokes under 100 different classifications. Besides these he has a library of more than 100 joke books, some of them yellow with age.

If you're in need of a mother-in-law joke, Marvin has only to turn to classification 62 and he can give you the best one since mothers-in-law were invented.

### FILES SUIT

Miami, Fla., April 18.—(P)—R. S. Groves, of Rockford, Ill., today filed suit for \$150,000 in Federal court here today against the city of Lake Worth, alleging past due principal and interest on improvement bonds. Groves holds improvement bonds issued in July and December, 1926.

### ADVERTISING GAINS

Chicago, April 18.—(P)—Totals newspaper advertising stood five million lines higher in March, 1935, than in March, 1934. "Advertising Age" said today after a survey conducted in eight cities.

The gain in percentage was 3.6 per cent over March, 1934. Classified advertising was the leading classification from the standpoint of increased volume, gaining more than 10 per cent.

## DEMANDS FROM WASHINGTON ARE BEING IGNORED

### Governor Horner Is Maintaining Silence

By Robert F. Howard  
Associated Press Staff Writer  
Springfield, Ill., April 18.—(P)—The dead-locked legislature went home today without paying further attention to the renewed demands from Washington that Illinois continue to contribute toward the cost of unemployment relief.

Nothing was done in either house about voting new taxes. At least as to outward appearances, no concern was expressed about the threat of the federal relief administration to withdraw further grants to Illinois unless the legislature does something by the end of the month.

Governor Horner, who has said nothing publicly about relief this week, maintained his silence. His program to boost the sales tax to three per cent is deadlocked in the senate because some of the downstate democrats insist that the Illinois Emergency Relief Commission, subject to continual criticism in both houses, be thrown overboard.

When the legislature comes back to work next Tuesday, democratic leaders hope an agreement can be reached that would permit passage of the emergency measures for a higher sales tax and a three per cent levy on utilities.

The afternoon trains had taken most of the senators and representatives out of town before word was received from Washington that Harry L. Hopkins, head of the FERA, had refused to give Illinois \$1,400,000 for late April relief until the state arranges to supply \$3,000,000 monthly to the IERC.

There was a brief argument in the house about the republican resolution, sent to President Roosevelt and the FERA, charging that the Horner administration has used the relief organization to support the democratic tickets in the local elections this month.

Shouting a denial, Rep. Joseph H. Davis, Murphysboro democrat, charged republican versions had distorted a letter signed by Joe Montgomery, the Jackson County democratic chairman and deputy warden at Chester penitentiary.

## Odds Are One To 100 You Will Be Injured By Auto

### Chances Are 1 to 3,500 That You Will Be Killed

Chicago, April 18.—(P)—the odds are 1 to 100 that you will be injured in a motor vehicle accident this year. Chances are 1 to 3,500 that you will be killed.

These figures were conned today from the National Safety Council's motor vehicle statistics.

Pedestrians chances to escape injury from an auto in the streets are 400 to 1 and to avert death, 8,000 to 1. The best way to avoid these consequences, the council pointed out, is to be careful. It advised especial caution at night. Half the fatalities last year occurred between 5 p. m. and midnight.

"One person out of every 100 was injured in a motor vehicle accident in 1934," the council stated. "This is based on an approximate total of 1,250,000 injuries and slightly over 125,000 fatalities."

"This means, on the average, there will be as many motor vehicle injuries within the next 100 years as there are persons in the United States today."

"Following this line of reasoning, one out of each two persons now living may expect to be injured within the next 50 years, one out of four within the next 25 years and one out of five in the next 20 years."

"Probably you have relatives and close friends to a total of 20. If so, unless each person in your group is more careful than the average person, some one of the 20 will be injured or killed in a motor vehicle accident within the next five years."

"It may be a minor injury, permanent disability or disfigurement or death."

## Unified Defense

Major Clark Howell, chairman of the National Aviation Commission, is urging Congress to unify the defense forces of the United States under a single cabinet department. He would have a Secretary of Defense with sub-secretaries for war, navy and air forces. He is of course striving to get the nation's air defense under separate management so as to get it away from the traditional government of the war and navy departments.

As an alternative he suggests a department of aviation, which will care for both civil and military interests of aeronautics. This would bring the army and navy air forces into a new department and give them official personnel that would be free from the dictation of the other departments.

However it may be achieved, the single air defense unit must be created, if there is to be the right progress in this phase of our military service. The American people must awaken to the fact that war in the air is inevitable if there is another conflict. The British air ministry has been studying the problem of defense for the "tight little island" and has come to the conclusion that absolute protection is impossible. A city would have no means of guarding against an air raid, even if the people had advance warning.

The only alternative is an air force equal in strength and efficiency to that of any enemy that might be encountered. This the United States does not have, but must have. Army and navy leaders have demonstrated that they do not realize the importance of air defense in the modern manner. A unit of air men, experts who do understand this mode of defense, should be formed to perfect the nation's air forces.

## Who Will Try This?

The mice that held a conference to discuss means of getting rid of the cat may have been undecided as to who would tie the bell on the feline, but a resident of Clones, Ireland, knew who must "ring" the rat. He read somewhere of an old method of getting rid of the rodents, which were infesting his premises. He trapped a rat and put a ring thru its lip. Next day all other rats promptly left.

When the rat that couldn't root was turned loose, he served as a warning to others. Fearing they might meet the same fate, they departed for more hospitable regions. The method may be sure fire, but who wants to take chances in the dangerous game of "ringing the rat?"

## Sixteen New Rules

Joseph P. Kennedy's Securities and Exchange Commission at Washington has promulgated sixteen new rules for the government of the Stock Exchange. They are rather technical, but are supposed to protect the lambs and dull the shears for the sheep, so they won't cut into the hide.

The rules have been sent to the exchange with the recommendation that they be adopted and strictly enforced. Accompanying them was a hint that if the rules were not adopted the commission would impose them. If the SEC carries out that threat, it will do more than most of the New Deal agencies have done.

It has heretofore been the rule for the government to invite business to go alone, and if those appealed to or such co-operation failed to give it, little was done about it. Gen. Johnson threatened to "crack down," but left his service before he could make up his mind where to strike first.

The only people who have really seen hard-pressed by the New Deal activity have been the ultimate consumers. However, it looks as tho the attempts to make the Wall street stock traders walk the chalk line might be backed up with some sort of force. The country will watch with interest the adoption and enforcement of the 16 new rules, and will know they are in force if the lambs escape.

## The Dream Is Over

The Townsend Plan, which was to provide aged people with an income of \$200 a month, later reduced to \$50, is definitely out of the social security picture. The National House of Representatives has defeated the measure by a vote of 206 to 56. The dream has ended, because it was too impractical. No one could see how the immense expenditure of some two billion dollars a month to support the plan could be met by the government, even with the prodigious spending it was expected to inaugurate.

It is unfortunate that the expectations of millions of people were raised thru their belief in this plan. Dr. Townsend counted on the support of 30,000,000 people, but even had such support existed, the thoughtful leaders of the country could hardly be expected to attempt to put the plan into operation.

Doubtless some old age pension plan will be adopted. Social security is now the principal question before Congress. But it is doubtful whether any law can be enacted that will be adequate and at the same time will not put an unbearable burden on taxpayers, employers and wage-earners.

## Tugwell Idea to Invade Illinois

From The Bloomington Pantagraph  
It seems to be increasingly noticeable that federal patterns for legislation are taken to the states, and legislatures are expected to pass laws submitted from Washington to secure "co-operation" between federal and state governments.

This is an idea which has grown up with a number of other innovations in legislative procedure, including the direct proposal from executive branches of government in nation and state for acts which the legislative branches are expected to enact without much question or debate.

A recent example of the kind is a bill submitted to the Illinois legislature this week by Shafer O'Neill of Alton. It is called a pure food and drug act, and is patterned almost exactly on the pending federal bill on that subject, originally designed by Prof. Guy Rexford Tugwell of the department of agriculture, in 1934, and re-introduced in the present session by Senator Copeland of New York.

In brief, the O'Neill bill in the legislature would compel all manufacturers of cosmetics, medicine and drugs to take out a license to do business in Illinois, for which they must pay a license fee of \$2,500. No licensee would be permitted to sell or advertise any such product if the brand or label gives a false indication of origin, character or composition of the product.

Widespread opposition developed to the Tugwell bill of last year and the Copeland bill of this year as proposed in Washington, mainly because these would set up a vast new bureaucracy to supervise and control many industries which are not directly affiliated with the drug and cosmetic business.

## Safety For Admirals

A cablegram from Germany recently contained a little item which provokes interesting speculation as to the future happiness of naval admirals.

This item had to do with trials of a new "mystery ship" just completed for the German navy. It is described as a "non-fighting flagship," a 2200-ton vessel of the yacht type, intended for use of a fleet commander in battle.

And this leads one to remember that the admiral doesn't have as safe a life, in modern warfare, as the general of an army. The general occupies comfortable headquarters many miles from the front. Unless a stray airplane wanders his way, he is as safe as he would be at home.

But the admiral is out on the firing line with everybody else when the fleets meet. If his ship is sunk, he goes down along with the stokers and gun-layers.

Have the Germans, at last, found a way of changing this? If this new non-fighting flagship can give the admiral a general's safety in battle, future naval wars will be a lot different from those of the past.

## SO THEY SAY

They ought not to try to call themselves the Democratic party. The Roosevelt administration should be properly named the St. Vitus dance party.

—Huey Long.

## Behind The Scenes In Washington

'Smatter With D. A. R.? It's Schizophrenia, if You Must Know; and Now Do You? ... Use Found for Brain Truster; He's Dance Floor Hit ... Rambling Around Capital "Spots."

BY RODNEY DUTCHER  
Journal and Courier Washington Correspondent

Washington.—Every spring in Washington it's the same way. First come the cherry blossoms, with pictures of the Japanese ambassador and his family in costume. And tens of thousands of tourists. Then a nasty, windy, cold rainstorm which beats off the cherry blossoms. Then more rain, more sunshine—and the annual convention of the D.A.R.

Many an innocent traveling salesman, turned away from hotels, is forced out into the country to sleep at a farmhouse just as it says in the joke-books.

The only variation this year has been an unusually vigorous battle for the D.A.R. presidency between the red-baiters and the ladies who would like to keep the D.A.R. from being so funny. Nevertheless, that in itself brought out a scientific explanation of what's been the matter with the D.A.R., to-wit: Schizophrenia!

One is indebted for the word to Mrs. Flora Myers Gilentine, presidential candidate of the anti-schizophrenia. Mrs. Gilentine is entitled to sling the word around as airily as she likes, because she is the head of the University of Arkansas psychology department and it comes within her field.

She says it means a hysterical over-emphasis on just one thing. One of its manifestations among the D.A.R. gals has been a tendency to regard Mrs. Roosevelt, Grace Abbott, Mayor LaGuardia and such folks as Communists.

As a correspondent who has at odd times been made privy by the D.A.R. national defense section to the indubitable responsibility of Communists for brush fires, dust storms, pyrothra, and the stock market act, this writer bows appreciatively to Mrs. Gilentine and promises to memorize—s-c-h-i-z-o-p-h-r-e-n-i-a.

## Brain Truster Makes Good

Prestige of the "Brain Trust" was measurably restored at Atlantic City recently by Dr. Willard Thorp and his wife, Hildegarde, the New Deal's most beautiful red-head. Thorp, chairman of NRA's advisory council, had suffered a nervous collapse after months of the council's grinding effort to straighten out some of the NRA code messes.

After a few days' rest amid ocean breezes, Thorp felt up to some recreation. He and Mrs. Thorp dined at the Ritz-Carlton cocktail lounge, returned that night and again next afternoon, having the orchestra to themselves

To the Editor of the Journal and Courier:

Beverly Hills, Calif.—Well you can have all your European entanglement conference now. All your war talk, all your aviation exploits, all your congressional abraacadaba. Iokes and fluff can fight a duel two columns long, all these bits of news you can throw in the ash can when Babe Ruth steps to the plate and knocks a home run.

That interests everybody. We expect "Dizzy" to do something out of the ordinary and he did.

## CONDITION OF G. ROY SCOTT CRITICAL, BUT HAS CHANCE TO LIVE

G. Roy Scott, who was seriously injured when he fell through an elevator shaft at the Hotel Quincey, of which he is manager, was reported in a critical condition in a message received here Thursday morning. He has sustained internal injuries to the abdomen and is unable to retain food.

On account of the internal conditions surgeons have been unable to set the broken bones. He sustained a fracture of the hip, which was splintered. His foot, an elbow and a wrist are also fractured. The message reported he still has a chance for recovery but his condition is grave.

Mr. and Mrs. William Ritter of Alexander were callers here yesterday.

There is no need for a lot of whangdoodle talk about cigarettes — just plain common-sense

When you stop to think about your cigarette—what it means to you—here's about the way you look at it—

Smoking a cigarette gives a lot of pleasure—it always has.

People have been smoking and enjoying tobacco in some form or another for over 400 years.

Of course you want a cigarette to be made right. And naturally you want it to be mild. Yet you want it to have the right taste—and plenty of it.

In other words—you want it to Satisfy.

Scientific methods and ripe mild tobaccos make Chesterfield a milder and better-tasting cigarette. We believe you will enjoy them.

## Paul Cooper Weds Katherine Lantz Thursday in Iowa

Member of Elm City Four and Mt. Sterling Girl Are United

Paul Milton Cooper, a member of

the Elm City quartet of this city, and Miss Katherine Lantz of Mt. Sterling, Ill., were married last night in Des Moines, Iowa. Members of the quartet and other friends of the groom from Station WHO attended the ceremony.

Mr. Cooper and other members of the quartet had expected to take a vacation this week after an all winter tour with the Iowa Barn Dance Frolic, but on short notice were assigned to a station engagement. Plans for the Cooper-Lantz wedding were altered when this situation arose.

Mr. Cooper, a son of Mrs. Eliza Cooper Patterson of 513 Sandusky street,

carried Journals and Couriers while he was attending school here. After completing high school he took a course at Brown's Business College at the same time studying voice with Mrs. William Barr Brown and Mrs. Lois Harney Hardin.

Since entering radio work he and his companions have met with continued success. The Jacksonville quartet is on the air from 6 to 7 o'clock each morning from the Des Moines station.

Miss Lantz is a daughter of Mrs. Rena Lantz of Mt. Sterling, and also is well known in Jacksonville. She graduated from Brown's, and it was there that she and Mr. Cooper first met. Later she was employed by Kresge and Grant's store.

Wednesday night a miscellaneous shower was given for Miss Lantz at the Odd Fellows hall in Mt. Sterling. A large number of friends were present and she received many useful gifts.

## KIDNAPED BY "COLD GERMS"

He seemed a different person in winter. He lost his sunny summer disposition. Constant "colds" kidnaped his vitality, and made him irritable. And all so needlessly. Today, in vitamin A, science has developed a powerful weapon against the common cold. This magic food element helps keep "colds" from getting a foothold in your body.

McKesson's VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL contain an abundant supply of this vitamin, together with "sunshine" vitamin D. And they are the only vitamin concentrate tablets that furnish the important minerals, calcium and phosphorus.

Each tablet brings you all the vitamins in one teaspoonful of U. S. P. X. (revised 1934) Cod Liver Oil. Six tablets daily will help your body to brush aside cold germs and gain new strength and vitality. At all good drug stores. \$1 for each bottle of 100 McKesson's VITAMIN CONCENTRATE TABLETS.

## Doctor Told Her How to Lose 17 Pounds of Fat

### Gossipers Peeved

Mrs. Robert Hickey of Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."

Mrs. Hickey paid no attention to gossipers who said there was no safe way to reduce—envious women who don't like to see others youthfully slim. She wisely followed her doctor's advice. Why don't YOU?

Get a jar of Kruschen today (lasts 4 weeks and costs but a trifle) and if you don't lose 12 lbs. and feel years younger and healthier—money back. Simply take half teaspoonful in cup of hot water every morning (tastes fine with juice of half lemon added.) (adv.)

The cast of the play is as follows: Mrs. Dorner—Ellnor Heaton. Mrs. Wilson—Aileen Heaton. Mrs. Keene—Margaret Cox. Mr. Hutchens—Gerald Heaton. George, who takes the part of the Apostle John—Herschel Heaton. Robert, who takes the part of the Apostle Peter—Robert Heaton. Kenneth, who takes the part of Matthew—Bert McNeely. Beth, who takes the part of Salome—Lois McNeely.

## Clerk of Jersey County Will Marry

Approaching Wedding of F. C. Seago and Miss Clarinda Campbell Announced

Jerseyville—The approaching marriage of Miss Clarinda H. Campbell of Webster Groves, Missouri and Francis C. Seago, county clerk of Jersey county, was announced Sunday, April 14th, at an attractive tea given by Miss Willard Forester at her home on Tuxedo Boulevard, Webster Groves.

The secret was revealed in violet corsages presented the guests by Miss Carol Forester, sister of the hostess. The wedding will take place in June.

Miss Campbell is the youngest daughter of Mr. and Mrs. J. Y. Campbell of Jerseyville. She is a graduate of the Jersey Township high school and following her work at the local school she attended Western Illinois State Normal school, Milwaukee State Teachers' College and Washington University. At present she is teaching in Webster Groves.

Mr. Seago is the youngest son of Mr. and Mrs. Albert Seago of Jerseyville. He is also a graduate of the Jersey Township high school and later attended the School of Finance at Washington University in St. Louis. He has served as assessor of Mississippi Township and at the election last spring was chosen county clerk of Jersey county.

**County Health Meet**  
Dr. Elizabeth Ball of the State Department of Public Health will be in Jerseyville on Tuesday, April 23rd to speak on "Typhoid Fever" at a county wide meeting to be held at the court house at two o'clock in the afternoon.

On Monday afternoon at two-thirty o'clock Dr. Ball will lecture on this subject at the school gymnasium in Grafton and at 7:30 o'clock that evening will speak at the Kane school.

Tuesday morning at 8:30 o'clock she will address the Jersey Township High school. The meetings are open to the public.

## Kiwanis Club Has Program of Music

Several Musicians Appear at Luncheon Meeting; Hold Tag Day

The Kiwanis club enjoyed a musical program at its Thursday meeting and following the meeting the members of the club began a tag day solicitation for the Salvation Army. Announcement was made of a divisional meeting of Kiwanis clubs which will be held at Alton soon. The local club is expected to be well represented at the meeting.

The musical program presented at the club session included a saxophone solo by Bart Johnson with Max Tschauder as accompanist, and a vocal solo by Donald Littler, with Mr. Tschauder accompanying. Prof. F. G. Meyers gave a violin selection, with Guy Snell accompanying and Miss Beulah Stewart entertained with two xylophone solos. Miss Bernadine Bush was the accompanist.

## VETERAN RELIEVED OF CONSTIPATION\* BY NATURAL FOOD

Kellogg's ALL-BRAN Corrects His Condition

Here is an interesting, unsolicited letter: "I have used Kellogg's ALL-BRAN for about 4 years, and find it a wonderful relief for constipation." While in Government Service in the P. I., I contracted constipation\* in 1898-99.

"I consider your ALL-BRAN in terms of millions, instead of the cost of a box of pills, for it surely has saved me. I eat ALL-BRAN every morning."—F. L. Wylie, Visalia, Calif.

\*Constipation due to insufficient "bulk" in meals.

Research shows Kellogg's ALL-BRAN supplies gentle "bulk" to aid regular habits. ALL-BRAN is also rich in vitamin B, as well as iron, an element of the blood.

Kellogg's ALL-BRAN is a delicious laxative food... far better than patent medicines. Two tablespoonfuls daily are usually sufficient. In severe cases, with each meal. If not relieved this way, see your doctor.

Wild visited Sunday with Mr. and Mrs. Will Herring and family. Mr. and Mrs. Edmond McCarty of Jacksonville, visited Sunday with Mr. and Mrs. R. F. Patterson and family.

Cast of Forty to Give Easter Play

Pageant Planned Sunday Night at White Hall Methodist Church

White Hall—Rev. A. E. Linfield, pastor of the Methodist church, announces services at the Methodist church Easter Sunday as follows: Sunrise prayer service, with a cantata directed by Mrs. Fleet Barnett, will be held at 6 o'clock, under the auspices of the Tri Union society. Sabbath school in all the departments at 9:30. Morning worship at 10:45 with an Easter sermon and Easter music. At this service several members will be received into the church.

An Easter pageant will be given at 7:30, entitled "The King of the Jews." There will be a cast of about forty persons including the choir. The scene of the pageant is laid in Jerusalem during Passion Week. There will be five scenes; Scene One, "The Triumphal Entry," Scene Two, "The Trial of Jesus," Scene Three, "The Evening of the Crucifixion," Scene Four, "Guarding the Tomb," and Scene Five, "The Resurrection." The characters are from the New Testament and the action follows the Bible story but the Christ does not appear. The pageant will require about forty minutes. There will be beautiful decorations and special lighting for the pageant.

Thursday of this week the annual Easter dinner was served at the church and Thursday evening the Sacrament of the Lord's Supper will be observed. Miss Mildred Morrow will give a recital of sacred music appropriate to the ordinance and there will be special lighting effects. Rev. Linfield preached at the

Roadhouse Methodist church Tuesday evening in a special Pre-Easter service and Mrs. Myron Farnbach sang a solo.

SOUTH JACKSONVILLE P.T.A. MEETS FRIDAY

# Paul Dean Pitches And Cards Beat Cubs 1 To 0; Tigers Win

## Joe Medwick Smacks Out Home Run in 6th Inning To Give St. Louis Game

Chicago, April 18.—(AP)—Brother Paul Dean, handsomely assisted by Joe Medwick, conquered the Chicago Cubs today, 1 to 0, for the first of the 40 victories this season promised by the speaking member of the Dean clan, brother Dizzy.

Medwick's contribution was a line-drive home run in the sixth inning for the only score of the battle, and brother Paul didn't need anything else. He gave eight hits, to only five allowed by Larry French, but whenever danger threatened, he had the Cubs popping up or striking out.

A shivering crowd of 3,200 spectators had hopes that brother Paul would last no longer than brother Dizzy did in the opener Tuesday when little Augie Galan shoved off in the Cubs' half of the first inning with a double. He might just as well have been anchored to the bag, however, for brother Paul fanned Billy Herman and forced Kiki Cuyler and Freddy Lindstrom to pop to Collins.

French singled with one out in the third and after Galan had popped to Frisch, went to third on Billy Herman's single. Paul stopped the threat by again fanning Cuyler. Lindstrom opened the fourth with a single and went to second on Chuck Klein's sacrifice, but manager Charlie Grimm and Gabby Hartnett could do no better than flies to Durocher and Rothrock.

After Galan beat out a bunt to open the eighth and continued when Pepper Martin's low throw went clear to the Cardinal dugout, Dean put the pop-up ball to work again and Herman, Cuyler and Lindstrom went out in order.

French, pitched what ordinarily would have been winning baseball.

Medwick and Virgil Davis singled with two out in the third, but Durocher fled out. Frisch started the fourth with a double and Collins drew a pass in the fourth, but Davis popped out to end the inning.

The victory gave the world champions an even break in the abbreviated opening series.

## Yankees Blank Red Sox 4 To 0

New York, April 18.—(AP)—The Yankees broke into the victory column today in their third attempt of the season, defeating the Boston Red Sox 4 to 0 behind the steady eight-hit pitching of Johnny Broaca, starting his first full season as a major leaguer.

The former Yale star got into trouble several times but pitched his way out. The Yanks, held to two hits in six innings, solved Fred Ostermuller for a pair of runs on Red Rolfe's single in the seventh and nicked Jack Welch for two more in the eighth on Frank Crosetti's double. Both blows came with the bases loaded.

## Redlegs Smother Pirates 9 To 4

Pittsburgh, April 18.—(AP)—Big Jim Weaver's debut as a Pirate hurler was spoiled today by the hustling Cincinnati Reds who chased him to the showers in less than two frames and continued their cannonade against his four successors to defeat Pittsburgh 9 to 4.

Weaver's wild pitch in the second inning with the bases filled permitted two runs to score.

The Pirates also chased the starting Red pitcher, Hollingsworth with a two-run attack in the fourth, and Herman, who went to the rescue, was in turn relieved in the sixth by Frey after Pittsburgh scored two more.

The Reds merged eight hits in the fifth and sixth rounds to clinch the game, their second victory in two days, both scored at the expense of the two pitchers Pittsburgh secured from Chicago in exchange for Larry French.

Sunny Jim Bottomley and Sammy Byrd led the Reds' attack with three hits each.

## Phillies Beat Dodgers 10-9

Philadelphia, April 18.—(AP)—The Phillies cut down two big Brooklyn leads by the simple method of walling more home runs than their rivals and defeated the Dodgers 10 to 9 in the tenth inning today to even the series at one game all.

They caught up after trailing 5-0 and went into the ninth three runs behind, tying the count when George Watkins drove the seventh homer of the game into the stands with two on base.

In the tenth Johnny Vergez doubled, went to third on an infield out and scored the winning run on Mickey Haslin's pinch hit.

Dolph Camilli hit two of the Phils' homers and John Moore one while Linus Frey, Sam Leslie and Buzz Boyle were Brooklyn's circuit clouters.

## Senators Whip Athletics 6-5

Washington, April 18.—(AP)—Although Jimmy Foxx made his second home run in as many days, the Philadelphia Athletics could not match Washington's early spurt and lost again to the Senators 6 to 5 here today.

Foxx's homer came in the 7th inning, driving in two mates. The A's filled the bases in the eighth but Cramer fanned to end the rally.

Leon Pettit, veteran Southern Association southpaw, making his major league debut, fanned Foxx and Johnson in the 9th after Moses had singled.

Bolton, Washington catcher, got three hits for a perfect day. Hadley, who started on the hill for the Senators, drove in Washington's first three runs with a double and a single but the former St. Louis hurler was relieved in the eighth by Linke, who was wild and gave way to Pettit.

## Joe Vance Walks Cochrane With Bags Loaded Giving Detroit Game by 5 to 4 Score

Detroit, April 18.—(AP)—The Detroit Tigers defeated the Chicago White Sox 5 to 4 today and drove the first nail into what they hope will be their ladder to the 1935 American League championship.

The Tigers had many chances to score, but it was not until Joe Vance walked Manager Cochrane in the ninth with the bases loaded, to force in Pete Fox, that they were able to chalk up the deciding run.

Bridges pitched for Detroit; allowing 12 hits, one of them a homer by Radcliff in the third with no one on base. Les Tietje opened for the Sox and worked for five innings during which he walked seven men and was touched for hits by eight, Vance including five hits and five passes, including the one which gave the Tigers their victory.

The Tigers led the Sox 3 to 2 at the end of the seventh, but Chicago tied it up in the eighth on a fielder's choice and singles by Radcliff and Hayes, and then went ahead to take a one-run lead in the ninth when Washington doubled and scored on Appling's single.

Goslin's single and Walker's double brought in the tying run. Then Owen walked and Walker stole third when Bridges fanned. The Tiger right fielder strained his muscle on the play and was supplanted by Fox. Owen advanced to second on a wild pitch, and Jo Jo White drew a pass to lead the bases. This set the stage for Manager Cochrane's free stroll to first and the winning run by Fox.

### R. Brennan Captures Grade Marble Title

Defeats Team-Mate In Final  
Match For City Title; Wins  
Agate Marble

Richard Brennan, Franklin school marble shooter, is the grade school marble king, a tournament conducted by Coach Frank Walker of the public schools system has determined. Brennan won a 50 cent agate marble for his victory, choosing it in preference to a 75 cents worth of "emles" because he was confident he could win the "emles" from the second place title holder, Richard Summers, also from Franklin school.

Twenty players, five from each school, qualified for the first round of the finals in tournaments held in their own schools. Out of Jefferson came Jessie and Gilbert Williams, Dale Hudson, John Stark and Charles Eyre. Lafayette named George Vannier, Don Colclasure, Harold McDougall, William Lewis and Harold Baxley, Vernon Rhodes, Billy Sumpter, and Frank Dale. Franklin, aside from naming the champion and runner-up, sent John Norton, Frank Andrews and Kent Entrikin to the tournament.

The players were divided, five to a ring, and the shooting began. Out of this George Williams, Jefferson, Richard Summers of Franklin, came to meet in the first semi-final match, and Billy Sumpter, Washington and Richard Brennan in the other semi-final.

Summers and Brennan won their matches, and met in the finals for the title, Brennan winning in two out of three games.

### GRADE SCHOOL LEAGUE TO OPEN ON MONDAY

The grade school baseball league will open Monday afternoon in a game between the Lafayette and Washington school teams on the Washington diamond.

The game will be called at 4:15.

### J.H.S. Thineclads To Go To Carrollton

Will Meet Greenfield And  
Carrollton In Tri-Angular  
Contest

Jacksonville high school's thineclads will open their track season this afternoon on the Carrollton track with Greenfield and Carrollton in a tri-angular meet. Coach Frank Walker last night selected the team which will represent the Crimsons against one of the best track teams Carrollton has had for some years. Greenfield, although not strong this year, has a lot of youngsters who promise to cause trouble.

Several interesting events are expected during the afternoon. Bob Greenleaf, who turned in a half mile in 2:17 in practice the other night, is expected to give the Carrollton lads plenty of trouble. Coach Walker also clocked another youngster, in 52 seconds for a quarter mile, but there was some doubt that he would run today.

The Crimsons' strength is concentrated in the longer runs this year, but they have hopes of picking up points in the field events. Eddie Maurer's jump of 13 feet 6 inches is the best turned in by any of the Crimsons athletes for this event, but Chuck DeWitt is only a few inches behind him.

Stanley Davis one of the best of the Crimsons athletes this year, is entered in three events, the low hurdles, 100 yard dash and high jump. Cunningham, pole vaulter, Burton quartermiler, and Fonteno, all-events man, along with Armstrong, sprinter, will present a formidable point getting machine for the Carrollton forces.

The Crimsons squad will be as follows:

Stanley Davis—100 yard dash, high jump, low hurdles.  
Bob Greenleaf—half mile and broad jump.  
Ben Lindley—pole vault, low hurdles.

Ed Maurer—broad jump.

Dan Jaeger—220 and 100 yard dashes.

Gilbert Porter—220 and 100 yard dashes.

Fairfax Berry—440 and 220 yard dashes.

George Hamilton—Shot and Discus.

Bob Husted—Shot and Discus.

Herbert Carter, M. Gotchall—mile run.

Dwight Hopper, half mile runs.

### MILWAUKEE MAN WITH UNUSUAL HOBBY HERE

Alderman Carl P. Dietz Collects  
Old Typewriters and Helps  
Rule Socialist City

Alderman Carl P. Dietz of Milwaukee, Wis., was visiting in this city Wednesday. He has a hobby which is rather rare in the world, being a collector of old typewriters. He has presented several antique machines to the Milwaukee museum. He has collected 135 makes and models of typewriters. Alderman Dietz told a local business man that he has the first typewriter ever invented, a Sholes-Glidden, which was made in 1873. The machine was invented in Milwaukee, he said. He believes he is the only man in America with a hobby for collecting typewriters.

Mr. Dietz has been a member of the Milwaukee city council for several years. He helps govern a Socialist city and is himself a Socialist.

N. Harris of Virginia was transacting business here yesterday.

Pre Easter dance, Rodeo Tavern, New Berlin, tonight.

### Chandlerville H.S. Has Preliminaries

Several Students Picked to  
Represent School at  
County Meet

Chandlerville—The high school preliminary literary contest was held Tuesday evening in the gymnasium with Miss Lucy Giger, dramatic coach, in charge. Winning entrants for the county meet to be held Thursday, April 26 at Beardstown are Elizabeth Blair, oratorical division, Shirley Ann Lynn, reading "The Old Rugged Cross," placed first and Jerdina Reitzel, giving "Daddy Doc" was second in dramatic reading among a group of 4 contestants. Beverly Harper and Russell Weaver tied for first in humorous reading with Mary Ann Boensal, second.

Miss Clyde Carr judged the readings at the request of the students. The tie in humorous reading will be judged at a later date by members of the faculty.

The high school juniors presented their one act play, "I Want a Divorce," at the Bath high school Thursday afternoon. Members of the cast are Virgil Force, Lawrence Armstrong, J. G. Murphy, Evelyn Sarff, Florence Blair, Russell Weaver, Elizabeth Blair and Edward Harbison.

The Chandlerville Woman's Club will meet Monday evening at the home of Mrs. J. C. Morse. Mrs. Charles Cherry will open the program with a humorous reading. Miss Dorothy Wilson will follow with a comedy drama presentation.

The annual club dinner has been set for May 15 at the Christian church, and will be served by the Dorcas society. A program of greetings from former members has been planned by Mrs. Jephtha Armstrong, assisted by Miss Alice Marie Greb.

Mrs. B. B. Roszell is entertaining Thursday evening in honor of Miss Helen Miller. A green and ivory shower is planned for the honor guest.

Miss Annette Morse entertained at bridge Wednesday afternoon at her home on Main street.

Mrs. Carl Chandler of Havana was a Chandlerville caller Tuesday.

Mrs. Herman Engelbach of Arenzville spent the week with Mrs. H. A. Clegg.

A Baker of Petersburg was a visitor here on election day Tuesday.

### Rain Cancels Iowa Game; Hunt Dry Spot

Carleton College Due Here  
Saturday To Tangle With  
Blueboys

Illinois College's Blueboys, making an effort to get a start in their home baseball season, were rained out again Thursday afternoon when Coach Raymond Nusspikel headed off the University of Iowa baseball team before it could get away from home, and then looked at the skies and the turf with a big question in his eyes.

The dynamic Blueboy coach is wondering whether his team will be able to get the lid off the local season this Saturday afternoon when they are scheduled to meet Carleton College, which already is on its southern tour, and which will show up here rain or shine. Every effort will be made to stage the game.

Nusspikel warned Coach Otto Voegel of the Hawkeyes that it probably would be impossible to play here Thursday afternoon over long distance telephone Wednesday about midnight, and then called early Thursday morning to definitely call off the game. An effort is being made to re-card the attraction, but the Hawkeyes have a schedule calling for about 30 games, so the prospects are dull.

Although failure to meet Northwestern and Iowa was somewhat of a disappointment to the local team, particularly after they dropped three games to the defending Big Ten champions, Illinois, Coach Nusspikel stated yesterday he expected Carleton to furnish plenty of fireworks. The Minnesota lads have been more fortunate than Illinois in getting in some early games and will have a lot of game experience to its advantage.

Mrs. Edward McGinnis represented the Roodhouse community here Thursday.

I wish to thank those who voted and worked for me in the South Jacksonville election Tuesday.

**Your food has  
B.O.**

### MAKE THIS TEST

● Put a pound of butter in the center of a large sandwich plate. Around the edge place an onion, a piece of Limburger cheese and some garlic. Place in one of our modern ice cabinets before going away for a week-end.

● Upon your return three days later see if there is the slightest taste change noticeable in the butter. Chip some ice for a cool drink. It will be clear too and tasteless.

● Make this same test with any other kind of refrigerator and see if you want to eat the butter or cool a drink with an ice cube that has food odors and gases frozen into it for 3 days.

**ICE washes food  
odors and gases  
from 5 to 7 times  
per minute.**

● All foods give off odors and gases as a result of a natural breathing process through thousands of tiny cells. To prevent contamination, these odors must be removed from a refrigerator as fast as they are formed. If food is unwrapped and uncovered, these odors will be automatically removed in an ice refrigerator because the air is washed, cleansed and revitalized from five to seven times a minute.

● Where it is necessary to protect fresh vegetables in covered containers from freezing temperatures and the dry thirsty air of the home sized cold storage plant, air circulation is obviously shut off. To prove the absolute truth of this statement, put a rose with stem and leaves in a quart jar partly filled with water and screw on the cover. The flower will smother in a short time as compared to the same flower in a vase of water where it can breathe naturally.

● Food that is forced to re-breathe the air it has given off quickly becomes contaminated. That's why your modern ice cabinet has no pans or built-in incumbrances that stop the natural air circulation. You place any and all foods on racks, through which air can circulate freely. If your refrigerator is real 6 cubic feet capacity, you have 6 ACTUAL cubic feet of useable food storage space. The cost per cubic foot is about half. You be the judge. It's your money.

## RAY MUELLER WEDS MISS LONG

Ceremony Uniting Couple  
Held At Bluffs: Other  
News Notes

Arenzville, April 18.—Miss Jessie Long daughter of Mr. and Mrs. Jesse Long and Raymond Mueller, son of Mr. and Mrs. John Mueller of Bluffs, were united in marriage at four o'clock Tuesday, April 16 at the parsonage of the Bluffs Lutheran church by Rev. William Hallen.

Following the ceremony, a 6 o'clock

dinner was served by Mr. Long to a few friends and relatives. It was also in honor of the fifty-eighth birthday anniversary of the bride's father.

Guests were Mrs. Marvin Hierman and Norman Engelbrecht of Bluffs, Mr. and Mrs. Mueller, Miss Irene Minney, Mrs. Dave Long, Mr. and Mrs. Florence Noble, and Mr. and Mrs. Long and family.

Mr. and Mrs. Mueller will reside on a farm near Bluffs with the groom's parents.

A large crowd gathered at the home of Mr. and Mrs. Long in the evening and charivariated the newlyweds.

### News Notes

The Royal Neighbors Association of Arenzville met at the home of Mrs. Troy Williams Wednesday for a pot luck dinner. This was a surprise on Mrs. Williams who has served a num-

ber of years as oracle of the local camp and is now county vice oracle of the R.N.A. The day was spent in visiting and games, captained by Mrs. Flora Johnson and Mrs. Nelda Huston with Mrs. Huston's team winning the most points. A delicious dinner was served at noon and tea during the afternoon.

Those present were Mrs. Mary Houston, Mrs. A. M. Johnson, Mrs. Lulu Hofstetter, Mrs. Lester Smith, Mrs. Margaret Craven, Mrs. Lee McGinnis, Mrs. Irvin Huston, Mrs. L. F. Schnake, Mrs. John Zulauf Sr., Mrs. E. B. Hierman, Mrs. F. A. Prolsgror, Mrs. Arthur Wood and the guest of honor.

Mrs. Herman Engelbrecht entertained a group of friends at a one o'clock luncheon at her home Wednesday in honor of Mrs. Mary Pfeil who will leave soon to make her home with relatives near Ashland.

Those present were Mrs. Charles Answorth and daughter, Mae of Chanderiville, Miss Amanda Pfeil, Miss Leah Caldwell, Miss Laura Fox, and Mrs. Mary Naylor of Jacksonville and the guest of honor.

## Stock Market Rather Active

By Frank Millen

Associated Press Financial Writer  
New York, April 18.—(P)—A handful of high-priced issues surged up to lead the market a brisk chase in trading on the New York stock exchange today.

In brokerage circles it was said the smashing gains scored by some of the pace-setters probably represented in part a shifting of funds from low yield bonds into equities. While most gains were fractional, several issues rose 1 to 11 points.

Observers said the buying may have been touched off in some sections by the record low rate of 1 of 1 per cent for call money.

That the market was little tardy in responding to the low call rate established yesterday was taken to effect Wall Street's habit in recent months of thinking things over twice before running into stocks.

By some houses it was reported that a moderate amount of buying from abroad had given zip to the uprising.

Although the day's budget of trade news contained little that was rampantly bullish, it had in the background the continued backlog of improved quarterly earnings reports. Reinforcing these were a number of estimates which pointed to a good earnings total for the week.

Closing share prices showed a gain of 6.7 to 38.8 in terms of the Associated Press average of sixty stocks. The market was a little less active at a total turnover of 816,000 shares, compared with 855,540 shares on Wednesday.

## HORTENSE FERNE'S PAINTINGS SHOWN

Visitors at the Strawn Gallery are particularly interested in the showing of twenty-five of the latest works of Hortense Ferne, which is chiefly of flowers and landscapes executed in a free style. Many exhibits in other cities have been arranged to include at least one display of flower paintings as a special show for the members of garden clubs. The garden club of Jacksonville will be especially interested in the Hortense Ferne group.

The artist studied at the National Academy of Design, New York, and was also a pupil of Charles Hawthorne and George Luks. She has exhibited at the National Academy, N. Y., the Pennsylvania Academy of Design, the Corcoran Gallery, the Chicago Art Institute, the Los Angeles Museum.

## Hog Market Is Steady To Weak

Chicago, April 18.—(P)—Despite short supplies, the hog market was steady to weak today. Cattle also weakened definitely in the course of the day, while sheep were higher.

Various factors contributed to the hog weakness, mainly Holy Week inaction and declines in eastern dressed pork values. Only 8,000 were received here, including 3,000 direct. Shippers took only 1,000, and the holdover remained at the same at 2,000. Top was \$9.15, the same as yesterday, and the 180-240 pound class was in best demand at \$9 to \$9.10, with heavier types bringing \$8.70 to \$9.05 and lighter ones \$8.40 to \$9.05.

Cattle were slow through the day, many remaining unsold. Fed steer and yearling prices, steady to weak early, ranged 25 cents lower late, with numerous bids 50 cents lower. She stock was generally about steady, though Koshers heifers were weak to lower. Best yearlings brought \$13 and best heavy steers \$13.50. Bulls were 10 cents higher early and closed steady. Vealers were steady to 25 cents down. Receipts were 5,000 with 2,000 calves.

Fat lambs were steady to 10 cents higher early and gained, closing strong to 15 cents up. The market was active at the full advance. Receipts were 12,000. Spring lambs were scarce and firm. Fat lamb top was \$8.65, with the bulk of the woolled group bringing \$8.25 to \$8.60 and the clipped up to \$7.50, with a top of \$7.60. Spring lambs were \$9 to \$10 and woolled ewes \$4 to \$5.

## TALK WELFARE AT L. W. V. MEET

Mrs. Archer Taylor Talks At County League Meeting

Mrs. Archer Taylor, of Chicago, chairman of the government and public welfare committee of the State League of Women Voters, was the speaker at the regular April meeting of the Morgan County League of Women Voters at the David Smith House at three o'clock Thursday afternoon. Mrs. Taylor was introduced by Mrs. Hugh Beggs, president of the County League.

The public welfare set-up in the state of Illinois was the subject of Mrs. Taylor's discussion, with special emphasis on possible legislation to be introduced in the Doring committee recently appointed by Governor Horner. It is hoped that such legislation will provide for a state and county set-up for the administration of public welfare relief similar to that which Morgan county had before the emergency relief program became necessary.

Mrs. Taylor did graduate work in the University of Chicago on which she received the degree Ph. D. in Social Service. She is a practical social welfare worker in the Municipal Court of Chicago and is at this time on a six-weeks tour of the state, interviewing county and township officials with regard to the present administration of welfare.

The social committee served tea at the close of the meeting.

## "EASTER IN RUSSIA" IS TALKED AT I. C.

Mrs. H. C. Jaquith Tells Students About Customs Of Russians

Mrs. H. C. Jaquith addressed the students of Illinois College on the subject, "Easter in Russia" at the regular assembly on Thursday morning. Mrs. Jaquith told in a most interesting manner of Easter customs as they were when she lived in Russia. She explained that if she were to speak on Easter in Russia today, she would simply say, "Easter in Russia? There is no Easter." However, as she knew it, Easter in Russia was a very important and impressive holiday.

Mrs. Jaquith stated that Easter was preceded by Lent, which in Russia meant a period of strenuous church going and fasting. During that period, meat, eggs and all dairy products were prohibited from their menu, and they could eat fish on certain days only. The Lenten period lasted seven weeks, and during the last week the fasting was very strictly observed. Therefore, by the time Easter came, their thoughts were more or less concentrated on food. For this reason there were traditional dishes which appeared on the table only once a year and certain cooking utensils and tools which were used only once a year—on Easter.

During Lent everyone attended church as often as possible, and there were three services every day. Everyone made confession and took communion at least once during this period, some people doing so as often as once a week, or seven times.

Just before the Lenten period, there was a gay week of carnival, with masquerading and the singing of folk songs. During this period everyone ate pancakes with caviar or smoked herring, or some other kind of smoked or salt fish.

"In the villages," Mrs. Jaquith said, "Easter was more of an event than it was in the towns, because it was the means of getting together after a long, dreary winter. The symbolism of the resurrection and the advent of spring, especially in a northern country, fit so well together that they inspire even the dullest mind."

**Russian Church**

The Russian church is characterized by much symbolism and many rituals. The meaning of every step taken by the priest is known to the congregation. These rituals are very strict, and people were willing to be burned at the stake or exiled to Siberia rather than give up one particular part of the ritual.

"The seven weeks' fast was broken after the midnight service on Easter. The egg was, of course, the most noticeable article on the table. It appeared in many different forms, painted and otherwise. The girls of wealthier families were given jeweled eggs on Easter, one every year, which they wore on a gold chain as necklaces. Mrs. Jaquith was wearing one of these necklaces of jeweled Easter-eggs which she held up for the students to see.

All the church bells rang for three days, and it was a great honor to help ring a church bell on Easter. There would be whole groups of people pulling the bell rope together.

"On Easter morning the men of the family started out to visit all the friends of the family. The women remained at home to supervise the refreshments for those who would call upon them. On the second day the women went visiting and the men stayed at home. The women called only upon their very dearest friends, however.

"At the midnight service the priest appeared at the altar and announced, 'Christ has arisen.' The congregation answered, 'Indeed, he has arisen.' Then everyone kissed everyone else. It is the greeting of the first Christians, or as we called it in Russia 'a greeting in Christ.' Easter morning all the servants, men and women, come and stood in line waiting to greet the family with this Easter kiss. The Emperor and Empress were kept standing almost all day distributing presents and greetings to officials and representatives."

## HOLD COMMUNION RITES AT LYNNVILLE

An impressive communion service was held at the Lynnville Christian church last evening under the direction of the Woman's Missionary society. A long table had been spread with white cloth on it and one end of the table was 12 white candles representing the 12 apostles and a small electrically lighted cross symbolizing the thirteen who were present at the last supper. The communion itself was presided over by two of the elders, Fred Jewsbury and Henry McNeely.

Preceding the communion, the following program was presented:

Prelude—Mrs. Wilbur Gibbs.  
Hymn—Congregation.  
Scripture reading—Mrs. Fred Jewsbury.  
Prayer—Mrs. A. D. Herman.  
Quartet, "A Consecrated Cross 'I'll Bear"—Mrs. Sally Heaton, Miss Viola McNeely, Fred Jewsbury and Claude Jewsbury.

**Drama of Immortality—Mrs. Claude Jewsbury and Mrs. Henry Mason.**

Prayer—Mrs. Walter Fearnheyough.  
Scripture reading, Thursday of Holy Week in the Life of Jesus—"A. D. Herman."

## PRE-EASTER RITES PLANNED

Mayor H. W. Leib Issues Proclamation; Other News Notes From Winchester

Winchester, April 18.—In observance of the Pre-Easter services which are being conducted by the churches of the city and Good Friday Mayor H. W. Leib has issued the following proclamation:

Whereas: The most skeptic people will have to admit, that there is a power greater and higher than man, and that the unrest in the world today will be guided by that all powerful hand; and if your trust is in God, your faith is well founded.

So then, time should be allowed our citizens for devotions at their respective churches.

Therefore, I, H. W. Leib, Mayor of the City of Winchester, do hereby request all business houses close and all business cease between the hours 12:30 to 3:30 p. m., April 19, 1935.
